ASHA is a community level worker whose role is to function as a health care facilitator, a service provider and to generate awareness on health issues. Besides delivering key services to maternal child health and family planning, she also renders important services under National Disease Control Programme.

To track the activities performed by ASHA, an online system has been developed which consists of the following features

- ASHA Personal Profile Management
- ASHA Training Management
- ASHA Provisioning Management
- ASHA Claim Management
- ASHA Kalyan Yojana
- ASHA Empowerment
- ASHA Success Stories
